OUR WINES, A REFLECTION OF OUR LAND

We capture the notes of the land to enhance their value

-  Area CONEGLIANO VALDOBBIADENE PROSECCO SUPERIORE DOCG
-  Area ASOLO PROSECCO DOCG
-  Area PROSECCO DOC TREVISO
-  Area PROSECCO DOC

The **bond with our land** is encapsulated in the location our Cantina has always enjoyed: the hilly **amphitheatre between Conegliano and Valdobbiadene** crossed by the “Strada del Prosecco e dei Vini dei Colli Conegliano Valdobbiadene”, in the middle of the two areas that lend their names to the controlled and guaranteed designation of origin of Conegliano Valdobbiadene Prosecco, shared by our flagship products.

Our winery lies just 50 km from **Venice** and not far from the **Dolomites**, at the foot of some beautiful steep hills, declared a **UNESCO World Heritage Site in 2019**. Our grapes ripen in vineyards dotted around the province of Treviso, allowing us to produce wines that are varied but always representative of our area.

OUR PROSECCO

the pure representation of Glera grapes

Our Prosecco is made from **Glera grapes** grown exclusively within the province of Treviso to ensure our wine is totally representative of this territory, with clear, simple and authentic style.

OUR STORY: MEMBERS, TERRITORY, PASSION

Over 60 years of care and dedication

Our story began in **1957** thanks to the great foresight of **31 vinegrowers** who shared a **passion for Prosecco** and decided to join forces and found the Cantina winery to produce **exclusive wines from the best vineyards** in this area.

Our members have been, are and always will be the **protagonists of a story that is all about people and ideals, daily hard work and results** that reward all the effort. All of them form part of a collective story about taking pride in our roots whilst **looking towards the future**.

Today, our **600 members** devote their time and efforts to the cultivation of **1,200 hectares** of vineyards where approximately **85% of the grapes produced are of the Glera** variety (Prosecco) and the remainder is Pinot Grigio, Chardonnay, Sauvignon Blanc, Merlot, Pinot Noir, Cabernet Franc, and Sauvignon. In 2019, selected vineyards were planted with Johanniter and Sauvignier Gris vines, hardy varieties that demonstrate our growing commitment to **sustainable viticulture**.

FROM GRAPE TO GLASS

Controlling the entire production chain: our main ingredient

The quest for quality in our wines begins in the vineyard, where compliance with a **strict annual agronomic protocol** guarantees the optimal development of the grapes and their aromas and flavours.

Harvesting of the grapes marks the end of work in the vineyard and the beginning of that in the winery, where our **modern processing facilities** enable us to respect the aromatic integrity of the fruit resulting from efforts in the field. Our **in-house oenological laboratory** allows for meticulous and constant supervision of each stage of vinification and enhances the organoleptic characteristics of the various grapes from the different areas.

We also have an **in-house bottling line**, meaning we can offer the end customer a wine that is **always fresh**, with an immediacy of taste, olfactory elegance and territorial coherence always present in every glass.

Our quest for excellence is evident in this Metodo Classico. Strongly influenced by bottle ageing for at least 18 months, its aromas are elegant and enveloping, reminiscent of bread crust, aromatic herbs and wild yellow flowers.

This sparkling wine is the result of blending the best fruit from each hand- harvesting. To bring out the unique aromas of the Glera grape. Refined, fresh and elegant, it is the result of a slow 60-day second fermentation.

The cuvée of the best Glera grapes from our vineyards gives this Extra Dry elegance and plenty of character. An initial unexpected softness on the palate, measured And delicate, balanced by its freshness.
